World Famous Environmentalist Alexandra Cousteau Speaks About Our Blue Legacy on the Next Green Power Report

[LINK TO THIS PR AVAILABLE HERE](#)

Riverside, Calif. – Tune in to Riverside Public Utilities' (RPU) weekly radio program the "Green Power Report" on Monday, July 30, at 8:30 p.m. on KTIE 590 AM when host Mike Bacich speaks with world famous environmentalist Alexandra Cousteau.

Alexandra, the daughter of Philippe and granddaughter of Jacques-Yves Cousteau, is herself a dedicated environmentalist who advocates the importance of conservation, restoration, and sustainable management of water resources for a healthy planet and productive societies.

Learn how through organizations like EarthEco International (founded with brother Philippe Jr.), and Blue Legacy, Cousteau is working to leverage new and emerging technologies to connect mainstream audiences with their local watersheds and their water planet.

This program, along with other Green Power Report broadcasts, is available to download through iTunes and via the show's radio player at www.GreenRiverside.com

For additional information on EarthEco International, Blue Legacy, and Alexandra Cousteau, visit www.EarthEco.org and www.alexandracousteau.org

Additional information about Riverside Public Utilities is available on Facebook through #RiversidePublicUtilities and Twitter through #RPUNews.

###

Established in 1895, Riverside Public Utilities is a consumer-owned water and electric utility governed by a board of nine community volunteers that provides high quality, reliable services to over 106,000 metered electric customers and up to 64,000 metered water customers throughout the City of Riverside. The Utility is committed to increased use of renewable energy resources and sustainable living practices that help reduce environmental impacts within the City of Riverside and the state of California.
